

FORIS VINEYARDS

Moscato

2017

THIS SOUTHERN OREGON MOSCATO WAS MADE IN AN EXUBERANT
STYLE AND IS RICH IN SUSTAINABLE ENTHUSIASM. ENJOY!

Nestled in a pristine alpine valley in southwestern Oregon's rugged Siskiyou Mountain range, Foris Vineyards has been a true viticultural pioneer for over thirty five years. Specializing in Alsace varietals and Pinot Noir, Foris Vineyards consistently garners accolades for both quality and value. The dramatic natural beauty and purity of our surrounding environment is reflected in the vibrant epicurean wines that have earned us a place in some of America's finest restaurants and wine shops.

2017 Moscato

The Muscat family of grapes may very well be the oldest cultivated varieties known to man, yet every time we pour this wine for our guests we get reactions of delight and surprise. "Wow! I've never had a wine like that" is one of the most commonly overheard comments.

Foris Vineyards has been cultivating a specific selection known as Early Muscat since 1976 and it has shown itself to be right at home in our alpine valley. Over the last several decades, we have made this ancient variety in a number of different styles, from dry to off-dry, all the way to late harvest and even a fortified dessert version, but it wasn't until our current winemaker, Bryan Wilson, arrived in 2007 and showed us his unique take on Muscat did we have our "Eureka!" moment.

Unabashedly inspired by the frothy Moscato's of Italy's Piedmont region, this wine strikes such a playful note that a smile is near impossible to repress. We have arrested the fermentation process at just about the halfway point, preserving part of the original sweetness of the grapes and capturing some of the carbonation produced during fermentation.

A wildly aromatic wine with abundant amounts of white peach, pear, orange blossom and honeysuckle, our Moscato is delicately effervescent, lending a bright refreshing quality to an otherwise sweet wine with naturally low alcohol, and good acidity. It is delightful as an aperitif with fruit, great for special days or simply celebrating summer.

4200 cases bottled March 2017
Alcohol 7.9%,
pH 3.3
TA 7.1
RS 9.9%,
CO2 2450 ppm
